

The Missionary Image of Our Lady of Guadalupe

Why do we have socialized health care that will fund abortions and increase them by at least 30%, according to Planned Parenthood's statistical arm, the Guttmacher Institute?

Because the US bishops have no persuasive moral authority due to their allowance of a Culture of Dissent, the sexual abuse scandal and sacrilegious Communion by Catholic pro-abortion politicians; because many US Catholics do not follow the Gospel of Life and they make sacrilegious Communion and because most US Catholics voted for Barack Obama as our President. He successfully enlisted the support of Catholic dissenters and divided US Catholics from listening to the voice of their bishops.

The US bishops spoke out against funding abortion coverage in socialized healthcare. However, Congress did not listen to their voice which has lost its persuasive effect because of their allowance of a Culture of Dissent which has permeated the Catholic Church in America since Vatican II.

Congress did listen to the voice of Catholic dissenters who supported socialized medicine with abortion funding.

Many US bishops and pastors failed and continue to fail to teach the truth of Pope Paul VI's encyclical *Humane Vitae* that contraception, sterilization and abortion are intrinsically evil and allowed dissent from its teachings. By that they allowed a Culture of Dissent and a Culture of Death to grow in the United States.

Many US Catholics practice contraception without any purpose of amendment, receive the Body and Blood of Christ and make objective sacrilegious Communion.

Many US bishops followed policies that caused a sexual abuse scandal which caused a loss of public confidence in their credibility and moral authority.

Many US bishops failed and continue to fail to follow Sacred Scripture and Canon law that prohibit certain pro-abortion Catholic politicians from receiving the Eucharist and they allow them to commit sacrilege against the Body and Blood of Christ.

Most US Catholics who voted, voted for Barack Obama.

Barack Obama divided US Catholics and appreciated the honor of Notre Dame University's Doctor of Law degree. He also appreciated the support of Catholics who dissented from the US bishops' opposition. This muted the bishops' voice in opposition to the final socialized healthcare bill which funds abortions and allowed it to pass under the supervision of the Catholic Speaker of the House.

"May Our Lady cross this continent bringing it life, sweetness and hope!" Pope John Paul II

However, rather than curse this darkness, we should light a candle of hope and make reparation for our failures and the failures of US bishops and Catholics by increased prayer, fasting and reception of the sacraments, especially by making Holy Communion to make up for the public sacrilegious Communion that continue unabated.

As members of the lay faithful, we are called by our Baptism to be lay apostles to bring the message of the Gospel of Life into the temporal realities of the world such as to our families, friends, co-workers. We are a part of the priesthood of the laity who offer, by means of the hands of the priest in the Eucharist, Christ's Body and Blood, Soul and Divinity with our entire existence as praise and thanksgiving to God, as intercessors for the needs of the world and in reparation and atonement for our sins and the sins of the whole world.
